## VODAFONE ANNOUNCES MULTI MILLION POUND NETWORK INVESTMENT ACROSS BASINGSTOKE

Vodafone UK has announced a major network investment across Basingstoke, bringing stronger indoor and outdoor coverage and mobile internet services across its 3G and 4G networks. The multi-million pound investment across the town will extend 3G and 4G mobile coverage to more than 98% of Basingstoke's population.

As a consequence of the network improvements already undertaken by Vodafone over the last year, mobile data traffic in Basingstoke has rocketed. Customers in Basingstoke on average are now using over six terabytes of data every week. That's the equivalent to listening to the new album from Basingstoke Festival favourite Elvis Costello, over 99,000 times\*.

The upgrade forms part of Vodafone's approximate £2 billion nationwide network and service investment across 2014 and 2015. This investment is already benefitting customers in Basingstoke, a fact endorsed by results from independent technology consultancy LCC, which show that Vodafone has unbeatable indoor and outdoor 4G coverage in the town\*\*.

In addition, the recent strengthening of our 3G network across the city has already provided greater coverage, High Definition (HD) Voice technology for voice calls and faster mobile internet services to more consumers and businesses.

### A snapshot of Vodafone in Basingstoke:

- Vodafone will have upgraded 100% of sites across the town, which involves implementing a 4G overlay system, by the end of the improvement. This creates better indoor and outdoor coverage for both voice and data, whilst ensuring that concentrated areas of customers have the highest possible network capacity to cope with increased demand.

- The average data traffic a day in Basingstoke is equal to browsing the internet for over 34,600 hours- that's equivalent to surfing the web for nearly four years.
- Data usage in Basingstoke peaked during the 2015 general election with approximately an extra 1,600 hours of browsing.
- In addition, the commitment to investment in the area stretches to Vodafone stores with plans for the Basingstoke store, located in Festival Place, to be refitted in the next few months.

- ends -
